Julie McCormick heard about the incident with Rhonda from Zach and a solutions RT. Here is what Zach saw/heard from the main hallway. Haven't heard from the Solutions RT.

Summer,

When I walked passed the SSO/transport office I had noticed Rhonda coming out of the office and you were standing or sitting on the desk just inside the doorway, I overheard Rhonda saying something to the effect of not feeling safe talking to you alone (not as in a threatening manner) and that she wanted a third party to be there. I also heard her mention that she is going to or has already notified HR about something. Then you asked Rhonda to step back into the office. I'm not exactly sure word for word what was said as I was trying not to hear, but that was the gist of it. I didn't see anybody else in the immediate area and also wasn't looking or paying any attention. After you and Rhonda were done talking I noticed you walked back towards your office and had some words with Sandquist and Rhonda came and stood directly outside the booth and was talking to Carnell. Other than the two names above, I didn't notice anyone else.

Zach –

Tonight, will you please email me your account of what you saw and overheard as you passed by the SSO/transport office on 5/12/11 when you were on site for AUF training.

Thanks
