Just so you know, within the last two days Ms Ledford has sent out Kudo's. This step is new for Ms Ledford and IF they continue I may barf! Before her kudo email at 5:14pm (which is overtime, not preapproved by me and her supervisor Julie McCormick is on vacation, Julie's email directed her staff to me). I personally went to the clinic at 2:15pm to express my appreciation to the nurses for the last minute rushing. We staged 4 juveniles from O&A to Canyon County this afternoon and brought 3 new commits from Canyon County that had been waiting in. We still have 2 more commitments from this week to bring in. Depending on the number of commitments next week we (O&A) could find themselves in the same predicament next week. If this isn't clear please call.

Nicol, Jeanette, and Frank,

THANK YOU for your understanding and willingness to help get the juvenile information processed with very little notice!! Even with the time constraint everyone had a great attitude which makes the process much easier!!!

Have a GREAT WEEKEND

Thank you,

Rhonda Ledford

**Nicol,
GREAT JOB IN THE Last Minute RUSH!!**

THANKS FOR GETTING THIS DONE AND PROCESSED SO EFFICIENTLY!!

**Rhonda,
Thanks for the heads up on the names. It is a huge help to know who and when. Every minute is busy back here and mistakes are easy to make. I know you know the drill with the meds, but they can be cumbersome to translate properly and time consuming to gather all of the appropriate paperwork to go with them.
Thanks for your understanding and patience!
We appreciate it!**

Hi...
Meds are pulled, papers copied. Almost done.

Rhonda / Coronado,
All four juveniles going have paperwork and 3 with meds. Please pick up on your way out.
We are sending enough medications to last for min. of 20 days. [REDACTED]
[REDACTED]

Hopefully, we can work these kids into program pretty soon.

One of the juveniles that is coming in has meds.

Thanks. See you in a few.

Hi All...

Just a quick note to let you know:

I know moving the juveniles is a priority when we have the means to get it done and keep the flow going.

We are working hard to make the last minute transition for this afternoon.
Sending four away and receiving three is a push, but we will get'er done!! 😊

Give us a few minutes to make it safe. Copying papers and gathering medications to send away.

Please note, this afternoon Frank will be here. He was not feeling so great yesterday. Getting the three last minute intakes processed may take a few days. Things always work best when there are two people in the clinic.

We will take care of immediate information and medication information to get them entered into the system.

Thanks for your patience.
