I would like to pack some food and drinks and fishing poles and supplies and head up to the mountains (not the club). I would want to take my time getting to where we are going like being able to stop in little towns for a walk around. When we finally reach the place we want to settle down for a bit I could see starting out with a quick swim and then lunch. Maybe a little fishing, maybe not. I would like to go explore the surrounding area, a little hiking. Then when the sun starts to set I would like to head out to a natural hot springs for a good soak. Then stop in one of the small towns and stay the night just the two of us soft and gentle and slow all night. And the big draw for me is that fact that all day we are talking and connecting and getting to know each other.

You?

I would think that you are lucky to be able to do something about it. If I was there I would say "here let me take care of that for you."

I really, really need a smoke now. I had to sit at my desk and take a few deep calming breaths after I read that. THANK YOU!

i got it. once you got on the desk i would drop to my knees and pushing your skirt up and pulling off your panties. using my tongue to drive you into a frenzy and then after severall mins and a few big o's i would stand up and drop my pants, thrusting into to you. i would start out slow and then start going hard and deep. at the same time i would be kissing and biting your neck. i would then sitt down in your chair and let you ride me.
