Yeah, I ended up on the toilet for an hour when I got home. It was fun. And why does she insist on saying gross stuff to me?????

Nope, it doesn't and I don't want to waste paper. What if they say that an email referral is okay? Then I would have printed off all of that crap and wasted paper for nothing!...I almost burped into this person's ear when I answered the phone. ☺ Oh yeah, the only reason I came into work today was to go out to lunch. I was going to ask to work from home because my stomach hurts but you know what? I came in to go to lunch!!!! So damnit, I am going to lunch! ;-)

First of all SICK

Second, who gives a shit if it doesn't get done at lunch, Ryan has meetings today. Oh well, we are going to lunch regardless. And if I were you I would wait for the okay too, it doesn't take long to print stuff.

First she had to tell me about Will making comments to the cat this morning. I guess George was having a dream while sleeping on Will's lap so Will was asking the cat if he was dreaming about having sex with his girlfriend. *barf* Then she was saying how she wants to make a referral to █████ for WC so she was going to have me start getting stuff together. Well, she hasn't talked to Dr. Ryan about it yet and I don't want to print everything or get emails ready if Dr. Ryan says no. So she was like "Well, I hope I can talk to Dr. Ryan and get this all worked out before lunch. I really want us to be able to go out for lunch with Bree today." I just wanted to say "Just because you can't go doesn't mean we aren't going to go without you! In fact, stay! It'll be better without you there!" WTF? We can't go if she has to stay here and work?? And, it's not like this referral is so freaking important that she can't take a lunch break. It sounds like she wants the referral done today (which I can understand) but she wants it done so that there will be transport here this week! That's gives █████ less than a day to make a decision.

I have to tell you what Sandra said to me. I didn't want to say it in front of Nick although I don't think he'd care. It pissed me off though.

It's so simple to be wise. Just think of something stupid to say and then don't say it.
