Nothing like throwing the \$10,000,000 question my way;-)

What does he want to do? I may have a job lead at Red Feather washing dishes (~8.50/hr). Forest Service and BLM are recruiting for summer employment if he is interested in that, and can travel around the state.

Some of my client's are getting jobs just being persistent and being at the right place at the right time. Others are getting lucky landing permanent employment via the temp agencies. It is tough out there; some Empowerment kids are discharging w/o jobs; many of my client's it is taking 6 months plus to find a job.

Hey have the politicians gone home? We need to do lunch!

Hope you are well, Mike

My nephew is struggling trying to find a job, he's 18 and had some issues with the courts over the past couple of years. Do you have some suggestions where he should look for work?
