You are correct. I didn't word that very well. She has worked the booth and continues to be an instructor. I think she also did a transport recently.

Minutes reflect what was said in a meeting...not the accuracy of such, or am I thinking wrong about it. It isn't that big of deal, so whatever you want.

I can add it but I don't believe her statement is correct. Mark spoke about having training for the night SSO staff next week. When I spoke with LaMark the morning he indicated that RL is the scheduled instructor. I need to follow up with Betty regarding that.

Pat, do you want to add something like: Betty stated that RL's only assigned duties are transport coordination and population management report. Betty expressed concern if those constituted a full-time job and wanted

Mark to assess that. Mark indicated that he had RL working in the booth at certain times but he would assess her duties.

Just a thought.

Thanks...J
